Mohit Sharma

Looking for a Opportunity in field of Developer | Full stack developer | MERN stack developer
Jaipur, Rajasthan, India

Summary

I am a web developer(full stack/MERN stack developer) . I recently completed a web developer course form
Zeetron Network private ltd (IIHT ltd) , which has given me the latest skills and knowledge in the web development industry.
I also worked as a front-end developer intern in ASR Techno
and I also worked as a back-end developer intern in Affworld Technologies private ltd .
My focus is on designing and developing website that look great and work well . I am skilled in a range of programming language and plateform , including HTML,CSS,Javascript,React(advance),node js ,and Express js . I have worked on website for different industries,such as Blogging,finance,e-commerce and education .
I enjoy working with other web developer and designers to make website that match the client's brand an business objects.I am committed to keeping up with the latest industry trends and best practices , and I attend professional web development course to improve my skills.

my goal is to create website that are both visually appealing and easy to use .I take pride in exceeding client expectations and delivering projects on time .

if you are looking for a web developer with skills and experience,please feel free to get in touch with me
